## Summary

Highly motivated, open-minded and detail-oriented undergraduate software engineer. An adaptable quick learner, a strong communicator and team player with a strong foundation in computer science principles and passion for problem-solving to make a meaningful contribution at a forward-thinking company. Skilled in developing efficient and intuitive solutions to complex problems, with experience in a variety of programming languages such as Python, Javascript, Java and technologies such as Django, NoSQL databases. Seeking to leverage my skills and knowledge to contribute to the success of a dynamic software development team
